VICTORIAN ADOLESCENT & YOUNG ADULT CANCER SERVICE

Are you a parent of a teenager with cystic fibrosis or anorexia nervosa or cancer (leukaemia or sarcoma)?

WOULD YOU BE INTERESTED IN TAKING PART IN OUR RESEARCH PROJECT?

We want to understand how parents access support services through the school system for their child and themselves.

If you agree to take part in the study we will ask you to participate in an interview with the researcher. This can be held at a suitable venue of your choice and will take approximately 60 minutes.

IF YOU WOULD LIKE MORE INFORMATION PLEASE CONTACT:

Eve Bowtell at the Centre for Adolescent Health on:
9345 6457 or email Eve on e.bowtell@pgrad.unimelb.edu

or Kate Thompson at the onTrac@PeterMac on kate.thompson@petermac.org

The study is supported by:
The Centre for Adolescent Health at The Royal Children's Hospital, the onTrac@PeterMac Adolescent and Young Adult Cancer Service at Peter MacCallum Cancer Centre, and The Melbourne University.
